- Minimum donation of £25 to participate
- Biggest individual fundraiser receives an extra £500 donation from Fiera

# The Listening Place

The Listening Place (TLP) was founded in 2016, as a result of the increasing number of people taking their own lives. They have since supported over 20,000 suicidal people, offering an initial appointment within a week of referral and then provides face-to-face sessions based on the principles of active listening.

These are delivered by empathetic and non-judgemental volunteers for as long as it takes to reduce suicidal feelings. Each visitor will see the same volunteer each time so that they can build and sustain a trusting relationship.

**Suicide is the leading cause of death in all adults under 35**

**We lose someone to suicide every 75 minutes in the UK**

“ It was a life saver in an incredibly difficult time. I had nowhere else to turn. The Listening Place gave me a reason to keep on going. ”  
- Visitor

## How Can Fiera Help?

To raise awareness of The Listening Place, a charity which provides face-to-face, active listening support, for those who feel life is no longer worth living.
